

Dear Default Value,

## Welcome to SOAIS Newsletter April 2021!

### SOAIS PaaS Magic

Ever wondered how you can extend the capabilities of your Oracle SaaS application? Oracle's powerful suite of PaaS services enables customers to pretty much anything under the sun. SOAIS' research and development in this area, has helped its customers leverage PaaS capabilities in every possible way.

Recently, SOAIS' seasoned consultants in the Oracle PaaS space, delivered proxy and surrogate access related functionalities using VBCS, for one of our customers in the IT service space. They have also helped the customer team to migrate few critical applications built on ADF framework into a PaaS module using Oracle VBCS.

### SOAIS advantage in Payroll

Team SOAIS has been instrumental in successfully completing the PF interest processing for one of the largest educational institutions in India, seamless and eventless, as always.

The SOAIS team of experts also completed income tax related computations, another humongous task at this time of the year.

### Compensation plans in Oracle HCM Cloud

Managing employee compensation just got easier with the introduction of Compensation plans in Oracle HCM Cloud. This is an integrated view of employees' data that helps managers budget and forecast, based on current employee information.

How cool is that? Check out the SOAIS blog [here](#) to know more.

### Work Made Human : Innovation for a New Workplace

Few of the brightest minds in HR met at Oracle's recent virtual meet "Work made Human". Their discussions were centered around topics like supporting your workforce during uncertain times, skills development, employee experience etc.

Read this [Oracle Blog](#) that details excerpts from this event with numerous takeaways.
