

Dear Default Value,

Welcome to SOAIS Newsletter of July 2021!

Strategy Delivery!

A Short Time Ago, one of SOAIS' customers were part of a major Transition to convert data. The customer was converting their HR data from Oracle Cloud HCM to Workday. Team SOAIS was answerable for the consistent change of information into the Workday framework with zero mistakes. This empowered the client to immediately began to utilize new framework for their business and proceed with tasks with positively no glitches.

Boost Employee Productivity Reward and Recognition

Oracle Fusion Compensation enables the delivery of best-in-class compensation programs designed for your organization, including modeling various scenarios, gathering manager input, and final reward communications.

Click [here](#) for the steps involved in creating the individual compensation plan to boost productivity and reward the employees.

Ready your organization for the digital age with a dynamic skills strategy

Overseeing abilities is a chaotic business. A typical method to comprehend and interpret them is required, assuming we need to, more adequately and wisely interface individuals, occupations, assets, and openings, both for our own associations and for people as they move between associations.

Justifiably, this intricacy has different associations reluctant to send such structures.

Read this Oracle [blog](#) to gain more perspective.
